

# 99 AMDS/SGPB Nellis AFB, NV

Maj Craig Smyser  
TSgt John Payton

# WMD ER

- 886C funds lost, recovered from FY04 \$
- Receiving Equip
  - Going thru MEMO prior to BEE notification
  - Equip description not clear on AS/no labels
- CEV funded env sampling equip
- Assembled response bags for office personnel
- Assembled response boxes for 886C
  - Limited local storage space
  - New facility scheduled for FY06
- FISTR checklist reflects current capabilities

# Manning

- Overall 13/17
- UTC's 6-FFGL1/3/4
- CCS Data entry/SA-GS?
- Health Physicist (Dual Qual) advertised
- AFIOH Support
  - Radiation
    - Range Support
      - Verify AFIT Student DU migration study
      - 4 Drums of Rad Dials
      - Static Display Panels
      - Museum Display
    - RF emitter identification/survey (2)
    - F/A-22 noise survey
    - WVA for Indian Springs/Test Range
    - IH special surveillance

# Training

- WMD ER
  - Pushing MDG EET/Base IG to include our capabilities in exercises
  - Joint with DOE/EPA/FD/CEX/MDG LAB (BAT)
- Standardized training
  - Difficult to maintain proficiency; Disaster Team, RSVP, WMD ER, OJT (1 day/week)
- Contractor training very effective-POC for further training?
- Require each tech have 1 hr/week on equip
- Still receiving 886C PPE

# Other Issues

- QNFT
  - On PDF line (Success Stories?)
  - Standardized 36 month expiration
- Time to fix RP in CCS (Any shortcuts?)
- Procuring Env funding for radiation/DU support
